

capers - delivering the goods

The team and customers at Capers Café + Store have always been the heart and the lifeblood of the business, cementing Capers as a community focussed café for almost 20 years.

The connection and commitment to the community has included their support for: hundreds of school galas, mountain biking events, Rotorua Community Hospice, the Geyser Foundation, the Rotorua Aria, Race4Life, Aratika Cancer Trust and Ronald McDonald House alongside many other local initiatives.

Capers investment in the com-

munity has been their way of building relationships and contributing to Rotorua. They have some understandable pride in helping to make 'our hometown' a enviable place to live.

With COVID-19, Capers has had to quickly evolve and adapt to meet the needs of their community in this changing environment. They've introduced their Online Home Delivery Service – providing Essential Fresh Fruit + Vegetables, Pantry Staples and Goodie Boxes with a contactless delivery service. Customers are also able to add on essential extras – including milk, bread, Capers cakes and tarts, Otaika Valley Free Range Eggs, Wholly Choc-mole raw cakes as well as hearty

family offerings, so the head chef in your bubble can take the night off! They've also taken on feedback and added plant-based milk and gluten free bread to the range as well as increasing their deliveries to include more areas like Lake Tarawera and Okere Falls.

The Capers Cafe + Store team have been working hard behind the scenes to ensure that the community is provided for safely. They would appreciate and humbly welcome your support to ensure that they're still able to serve you coffee and cake for another 20 years.

please shop local
because when you choose to, you're not only supporting the business, the staff and the suppliers; you're also ensuring that Rotorua has a chance to retain its depth and quality as a hospitality and tourism destination.
